**DETAILED ACTION**

**REASONS FOR ALLOWANCE**

Claims 1-2, 4-10, 17-18 and 20-21 are allowed.

The following is an examiner's statement of reasons for allowance:

Yoshitake and Mizuno et al. fail to disclose the combination of all the limitations recited, including an integrated circuit comprising:

a common area comprising an alignment link for electrically connecting the first port with the second port; and the first is directly and electrically wired traced to the alignment link from a first area without the use of a first linking area that includes bridging traces for linking mis-aligned ports with the first port and the common area.

Therefore, the amended limitation together with the overall structure of an integrated circuit is neither anticipated nor rendered obvious over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
